## Cardiff, Wales

The squad arrived at Cardiff stadium at 11am in good time for the 1pm start. England's record going into this event was contrasting to say the least. The ladies were going for their hatrick of wins and the men hoping to improve on the third place of last year. Due to a couple of recent injuries of two members of the squad Craig Burke and Natalie Williams were unable to attend.

The first bout was a close call with Alice Goudie drawing the first, then a good performance by Carla Burkitt winning the second fight to put England's nose in front. Katy Hurry found herself on the back foot trailing 3-0 half way into the bout, but produced a spirited effort to pull back two points and although losing the bout she lost the battle but the team won the war winning overall by just one point.

With the match won the Welsh were now just fighting for pride but Ryan Jay and Rory Daniels annihilating their opponents with a blitz Krieg of techniques. A great 5-0 win with the English team scoring a total of 28 points for, with only 8 against.

### Summary

A great result for the seniors winning double gold in the 'Grand Slam', home nations. Both men and ladies performed with distinction however, what was inspiring to me as a coach was the team unity within the squad where the support for one another created such a measure of intrinsic motivation. Thank you to all who came to support us and although you were few in number you were in good voice and certainly heard.
